

apeel

From plain and simple, to colourful and complex, the choices are *unlimited...*

Whatever industry you are in, we have the answer

- Labels to make sure things get where they need to be – *distribution and logistics*
- Labels to say things you need them to say – *information and instructions*
- Labels to look different and exciting – *for image and impact*
- Labels you can stick on things yourself – *for overstickers and promotions*
- Labels to print yourself – *for addresses and instructions*
- Labels to work with computers – *bar codes for scanning*
- Labels with full colour – *for maximum impact*
- Labels on more than just paper – *for greater flexibility*
- Labels of any shape and size -
- Labels that stay put or that move – *self-adhesive or swing tickets*
- Labels that stay sticky – *for things that not to be resealed*

And, you can have them in the best way for you to use them:

- On rolls
- In sheets
- Fan folded
- Batched and delivered how and where you want them

We can also supply:

- Printers to label yourself – so you can print individual labels – sizes and weights

We will work with you to get the best solution for your needs

Read on to find out how we have helped our customers to enhance their business through labelling solutions.
